Try-ing to blend in, so no one knows

Something about this night (from Finding Neverland by Gary Barlow)

I can see them,
Dreamers dreaming in the night
One smart choice to make it right
For love is always worth the fight

I can hear them
Cheering for the bravest ones
Willing them to overcome
From underdogs to champions

Oh, all the years I have waited for this
one night is everything
I can't be certain but something is differ-rent
I'm sure
I have
never felt like this before

Something about this night that I cannot express
Ex-citement or nervousness
How it ends, I couldn't guess
But there is something about this night that I just can't ignore
All the sweat and tears and more
Have made this all worth fighting for
If there is one chance this could be the one to beat our expectation...
Something about this night
Oh, something about this night
If there is one chance this could be the one to beat our expectation...
Something about this night, oho

Six (Six the musical)

ALADDIE ----I was once just a lost boy, finding myself
Didn't know I'd find the love of my life, instead
Right from the start, you stole my heart
You got it beatin, right outta my chest

GENIE For all those years, I wis so trapped
 But noo I'm free, and oot that lamp

 For five more minutes
 Let's go
 Woah, woah, let's go
 Woah, oh-oh-oh, let's go
 Woah, woah
 For five more minutes

 It's the end of the show of this panto remix
 We switched up the flow and we changed the prefix
 Everybody knows that the goodies always right
 But we wanna say before we drop the curtain
 Nothing is for sure, nothing is for certain
 All that we know is that it's time to say goodnight-

 But now we're one of a kind, no category
 Too many years lost in this-tory
 We're free to take our crowning glory
 For five more minutes
 We're one of a kind, no category
 Too many years lost in this-tory
 We're free to take our crowning glory
 For five more minutes
 Goodnight!
 Woah, woah, goodnight!
